

# AMERICAN MAPPER PRO

by AMERICAN Flow Control®

- Easily Export Data
- GPS Positioning
- Capture Photo Documentation
- Simplified Valve & Hydrant Mapping
- Seamlessly Record Product Features
- Easy Access to Product Resources

# AMERICAN MAPPER PRO

## HYDRANT AND VALVE MAPPING APP

- Simplified Valve & Hydrant Mapping – Map your hydrant & valve locations using a cell phone or tablet.
- GPS Positioning – Accurate asset mapping data through the ESRI ArcGIS® mapping platform.
- Seamlessly Record Product Features – Acquire accurate Hydrant & Valve manufacturing information and product configuration by scanning an easy-to-read 2D barcode, or free form entry.
- Capture Photo Documentation – Store installation images for future reference and aid in locating.
- Easy Access to Product Resources - Access product O&M information through web-based data links.
- Easily Export Data – Collected data can be exported to other applications.

**AMERICAN Mapper Pro – Downloadable from the Apple App Store and on Google Play. ESRI ArcGIS® account required.**

Already have an ESRI ArcGIS login?  
Download the app and try it out today.
